“モノとしての本質、灯りの質を求めて』

長く愛着を持って使ってもらえるようなモノ、  
デザインを活かすための素材、加工方法、仕上に  
こだわって TURN(ターン) はつくられています。  
灯りの質にもこだわり、4段階の調光はろうそく色と  
電球色の2色の異なるLED光源を調色することで、  
それぞれの明るさに対して最適な光色をつくり出し、  
自然でエモーショナルな上質な灯りを灯します。

A carefully detailed artisanal craftsmanship  
; the true nature of material and light

TURN is made from materials, processing methods,  
and finishes that make the most of the design and  
objects that can be used for a long time with  
affection.

We are also particular about the quality of the  
light, and four level dimming creates the optimal  
light color at each level by adjusting two different  
temperature LED light sources. It is natural,  
emotional, and high-quality light.

シェードの天面にやさしく触ると灯りの表情が変わります。

キャンドルのようなほのかな光から、食事を楽しむ光、テーブルの上を照らす光、部屋に明るさを足す光へと4段階に調整。こころ落ち着く光が夜をつくる。金属の姿勢を正した姿と、やわらかな光のコントラストもTURNの魅力。

The expression of the light changes when you gently touch the top of the shade.

The light can be adjusted in four stages, from a faint candle-like light, to a light for enjoying meals, to a light that illuminates the table top, and to a light that adds brightness to the room. The contrast between the metal and the soft light is another attraction of TURN.

専用充電台に乗せるだけで自動消灯して充電開始、取り外すと自動点灯など、操作は極めてシンプルに。

明るさを記憶してから消灯するラストモードメモリー機能付き。あらゆる方向からの強い水流にも耐えられる IP66 相当の防水性能を備えているので、バスルームや屋外でも安心してお使いいただけます。TURNを好みの明るさに調整して、夜の時間をゆったりと味わってください。

※専用充電台は防水ではありません。

The operation is simple : put the lamp on the charger stand to automatically go out the light and start charging, and lit on automatically when you remove it. With a last mode memory function that remembers the dimming level before turning off the light.

The IP66 water resistance rating allows it to withstand strong water currents from all directions. You can take it out, or place it in the bathroom. Adjust the dimming level of TURN to your favorite and enjoy a night time relaxation.

金属のかたまりから削り出した端正な姿、  
手に馴染む硬質なテクスチャー。  
真っすぐに立ち上がる姿から、  
やわらかな光を照らすポータブルランプ。

The neat shape carved out of a chunk of metal, the hard texture that fits comfortably in your hand.  
A portable lamp that stands up straight and emits a soft light.

Product name	TURN Stainless Steel	TURN Brass	TURN Aluminum Black
Product code	TN001-01SS	TN001-01BS	TN001-01AB
Main materials	Stainless Steel	Brass	Aluminum
	Other Polycarbonate, ABS, silicone rubber, etc.		
Surfacetreatment	No coating	Clear coating	Anodizing (Black)
Dimensions (mm)	Outer diameter : Φ130 Height : 275 / 285 (Including charger stand)		
Weight (g)	1190	1240	530
Light source	LED		
Color rendering index	Ra > 95		
Dimming level	LOW / MID	HIGH / EX-HIGH	
Battery run time (h)	150 / 38	12 / 5	
Power consumption (w)	0.1 / 0.5	1.2 / 3.5	
Illuminance (lx)	16 / 140	400 / 1200	
Color temperature (K)	1800 / 2300	2400 / 2500	
Charging	USB charging : Approx. 6 hours		
Power supply	Rechargeable lithium-ion battery, 3.6 V / 5100 mAh		
Waterproofing	IP66 equivalent* (Charger stand and AC adapter are not waterproof)		

\* Indicates protection from dust and high-pressure water jets from any direction.

## Accessories

USB AC adapter  
AMB-AC02

USB cable (Type-C)  
AMB-CAB03

Charger stand  
(Can be shared  
with TURN+)
